Regulations on the products

Right to refuse a product

BePangea as well as any other Actions groups or NGOs involved in the operations have the right to refuse a product, a packaging or to take or accept it for any reason whatever, without any possible appeal.

Products submitted to former authorization

Pharmaceutical and veterinarian products are submitted to former authorization.

Chemical products, except those for domestic use, are submitted to former authorization.

Products submitted to sanitary or security control

Food products are submitted to sanitary control according to the legislation of the countries concerned by the transaction.

The products submitted to security control in the countries where the transaction takes place.

The acceptance of products not in accordance with the legislation is prohibited.

Prohibited products by the Charter

The following products are prohibited according to the ethics code of BePangea:

- *All agricultural OMG products;*
- *All products whose manufacture, culture, extraction or use represent or cause of excessive environmental load;
- *Fertilizers, pesticides, insecticides, or other agricultural treatments non officially recognized by the specialized authorities;
- *Products whose principal supplier or manufacturer is not identifiable;
- *Converted products without sufficient traceability.

(*) In case of misgiving, prior to any operation a former authorization must be provided.
